Charmagne,

Here's my quick cut; ccing others for additional names and editing.

Last week, EPA received a petition for immediate EPA assistance in Benton Harbor, Michigan due to elevated lead levels in the community's drinking water. A broad, coordinated team has been working quickly to gather information from EGLE and independently evaluate existing programs to determine what additional steps may be needed. I'd like to thank the team including **Valerie Bosscher, Andrea Porter, Ryan Graydon, Tom Mendez, Candice Bauer, and Debbie Baltazar** from WD, **Jonathan Moody, Victoria Anderson, Beth Murphy, Nefertiti DiCosmo, and Carolyn Persoon** of ECAD, **Jacqueline Clark, Karen Peaceman, and Randa Bishlawi** of ORC, as well as Doug Ballotti/others from SEMD and Jeff Kelley/others from ORA.

Importance: High

Tera,

Good morning. Touching base on this. If there is someone you'd like for me to work with specifically on this, I can reach out to them too. My draft is due earlier this week, around lunch time, since Cheryl is out tomorrow. Let me know if you have any questions. Thanks!

Charmagne

Tera,
Good morning. I'm pulling together info for Cheryl's weekly message and one of the items this week is Benton Harbor. Can you send me a few sentences on it and any names to highlight by 9am tomorrow? Let me know if you have any questions and thank you in advance.
